Docket No. 98N-1265
Food and Drug Administration APR 15 A9 51

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
I OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS: Before knowing about Madison Pharmacy
Associates, I took a one-size-fits-all ~~prescription~~
which gave me migraine, and a number of side
effects, to the extent that I decided to discontinue
its use. After I started to use my compounded
medication (prescribed by my doctor), my
symptoms were relieved. I must add ~~slight~~ I
was unable to HAVE this prescription filled
New York City, where I live, and after looking
elsewhere I was lucky to find Madison
Pharmacy Associates. They are very good
and they provide a service which is essential
to my continued health, a service that was
not available to me where I live when
I needed it.

Please fold, seal, and mail by March 22
